

Call for Patrons

The IEEE RFID-TA 2025 provides a forum for advancing RFID technology and practice, and aims at strengthening relations between industry, research institutions, and academia. It gives attendees a unique opportunity to share, discuss, and witness research results in all areas of RFID technologies and their applications. We expect the presence of more than 100 researchers, students, academics, and industry who will promote the advancement of technologies associated with wireless solutions for RFID applications. The exponential growth of these technologies is expected to continue in the coming years, for which it is necessary to disseminate and debate new ideas and applications. In parallel with the conferences, an exhibition will take place. We invite companies and the industry to join us in these interesting topics.

Three levels of patronage with benefits are provided to promote your company among international experts and conference attendees.

Sponsoring Levels

	Bronze	Silver	Gold
Number of registration included	0	1	2
Company logo on the final program	✓	✓	✓
Company logo and links on the website	✓	✓	✓
One page ad to every attendee	✓	✓	✓
Video at the conference	X	✓	✓
Company logo on the welcome sign	X	✓	✓
Booth size (arbitrary unit)	0	1	2
Value (euros)	1000	2000	3000

Organisation Committee

- General Chair: N. Barbot, Univ. Grenoble Alpes
- General co-Chair: S. Hemour, Univ. of Bordeaux
- TPC Chair: N. Carvalho, Univ. of Aveiro, P. Nepa, Univ. of Pisa, D. Nikolayev, CNRS
- Finance Chair: I. Prodan, Univ. Grenoble Alpes

Sponsoring Instructions

To be sponsor of RFID-TA 2025, contact us at:
smail.tedjini@lcis.grenoble-inp.fr
nicolas.barbot@lcis.grenoble-inp.fr

Venue and Date

RFID-TA 2025 will be organized:

- Location: Grenoble INP/Esisar
- Address: 50 rue Barthélemy de Laffemas, 26000 Valence, France
- Date: 27th to 30th of October 2025

Additional Information

Visit the conference website at:
<https://2025.ieee-rfid-ta.org/>

Other benefits

- All sponsors attending the conference (Silver and Gold) will also take part into the jury of best paper awards
- All sponsors attending the conference can participate to the industrial panel
- RFID-TA gathers master and PhD students and offer a unique opportunity to hire new employees
- RFID-TA gathers the best researches in the field and offer a unique opportunity to find new partners

Visiting company

- If you are a company simply interested by the RFID technology, specific rates are available for attending the conference (without being a patron).
